Everything you can't change happened
for a good reason. If it did not, it is
better to think that it did.

Have Faith in having Faith, for
Unlimited good vibes.

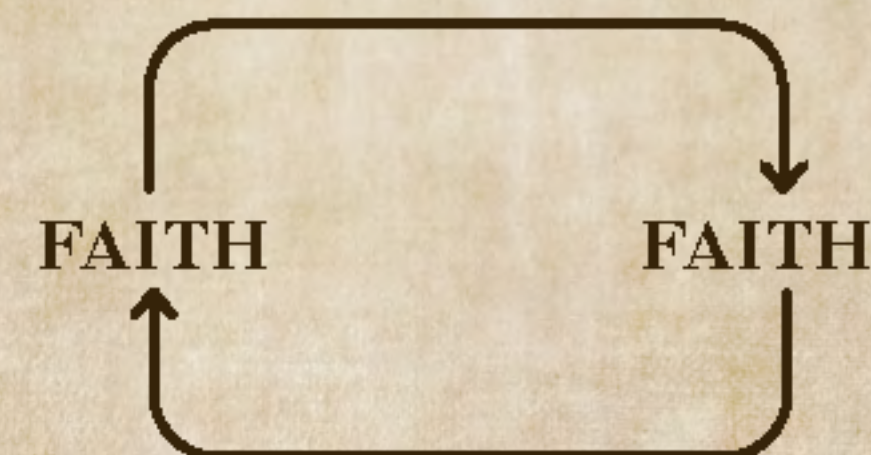

Faith is its own power. Nurture it, and
no boundaries can confine it.

A boundless faith ignites an
endless hope.

An endless hope fuels an infinite love.

This infinite love echoes the
harmony of heaven.

United, with faith as our beacon, we can
create a glimpse of heaven on earth.

A religion that fits
the attention span of
the **Millennials** today.
